Outdoor Planters

Outdoor Planters Outdoor planters are a fabulous way to show off your favourite perennial or annual while enhancing the beauty of your outdoor space. Outdoor planters tend to be closer to the ground than garden urns and do not have as much root space so are better for smaller flowers or foliage that does not require the depths of garden urns. Outdoor planters are perfect for entry ways, ledges or porches. Vergil's™ offers a variety of outdoor planters that will last a life time and enhance the beauty of your outdoor decor.
