Outdoor Light Poles

Outdoor Light Poles Our outdoor light poles are a perfect way to enhance the beauty of your home with a long lasting, quality and personal flair. Vergil's home and garden has a style of lighting to enhance any kind of outdoor decor. We have light poles with a tradition Victorian look but also some to appeal to something different which include Horses, Lions, Dolphins, Gargoyles, Pegasus and Mermaids. Like most of our items, our outdoor light poles come in all personalities. They are anywhere from petite and delicate to a centre piece of an outdoor garden. There is a style to enhance any type of personality of your outdoor garden decor. Our most popular light posts the Victorian standard; these poles come in several different styles from a single light to 5 lights. They also come in a variety of heights up to 11 feet tall. The same is true of our Holland top style light poles.
