### Outdoor Benches

**Outdoor Benches** Outdoor benches are a great way to add something to that garden area to make it especially yours. We have several benches that are not included in our patio sets we also have benches that match our furniture collections. Outdoor benches are a perfect way to add to the outdoor garden decor of a small or special area. We have tree benches that wrap around that special tree and put you right into the heart of your garden or yard. We also have benches that are longer and shorter than the ones in our collections. Our fern bench is a very popular bench and can add a discreet elegant seating area while blending into nature. It is all about you and your preference.
