Our cast aluminium furniture is not only stylish but also long lasting and sturdy. Some of our outdoor furniture lines can be mixed and matched to create your own style of outdoor garden decor. We have patio sets that can easily accommodate 6 people for a great outdoor entertaining experience. Our complete line of outdoor furniture includes; patio tables, chairs, chaise lounges, cocktail tables, coffee tables, bar tables, bar chairs and benches. Some of our outdoor furniture collections have several different sizes of tables to accommodate your outdoor area. The patio sets can be enhanced by also having a bar set or bench to provide a variety of seating as well as increasing your seating capacity. Vergil's™ home and garden has been providing quality outdoor furniture since 1968 so we are available when you decide you are ready to add to your purchase with an accent cocktail, coffee table or increase your seating capacity. I personally have been the proud owner of one of these patio sets since 1983. I have no doubt that it will last to be passed down to the next generation!
